

Ice

- Ice cubes in different parts of the room
- Ice cube, candle, ice cream
- School-wide estimation with an ice block

Rowdy Raisins

- Clear soda (liquid)
- 10 raisins (solid)
- Bubbles in soda (gas) will make the raisins "get a little rowdy"

Up, Up, and Away

- Put of a tsp. of baking soda in a film canister.
- Using a funnel, add 1 tbsp. of vinegar to a balloon.
- Fit the opening of the balloon over the film canister.
- When the vinegar and the baking soda combine a gas will form and blow up the balloon.
